# PAT Testing Pricing

## Replacement Flexes, Fuses and Plugs

If we spot an appliance flex, fuse or plug that needs to be replaced we'll do it for free! All our engineers carry stock replacement parts to do this on site.

## Don't Forget

We also provide these additional services at no extra cost:

- Overnight testing on Tradesman's Power tools - with collection & drop-off service
- Out of hours & Weekend testing at no extra charge
- Half Term testing for schools at no extra charge

## No Hidden Extras

There are No Hidden Extras and we are happy to provide a full free quotation based upon an estimated number of items as this figure has a tendency to change.

Discounts are available for more than 100 items and for multi-site contracts. See our prices below or contact us for more details.

Number of Items	Cost
Up to 30 items	£69.00
30 - 100 items	£2.40 per item
100 - 300 items	£1.90 per item
300+ items	£1.50 per item

# PAT Tester Sales & Accessories

## Robin - Fluke - Kewtech

**KEWTECH  
KT73 +**

The industry's most user friendly, reliable, accurate & robust PAT testers. All PAT testers have been carefully selected, thoroughly checked and come complete with 12 months calibration in the new owner's name.

We also offer tailor made test kit packages that can be made to suit your individual requirement and costs, please contact us or see the website for more information.
